SECOND
SUPPLEMENTAL CERTIFICATION
KATHERINE ATTWOOD

I, Katherine Attwood, of full age, hereby certify that:

1. I am the Assistant Commissioner of the Division of Finance, Department of Education ("Department"). I offer this certification by way of supplement to my March 17, 2008 certification and June 9, 2008 certification in this matter.

2. All of the amicus Districts, with the exception of Camden, submitted, and the Department approved, district budgets by March 1, 2008.

3. A comparison of the Abbott districts' 2008-2009 spending with the Adequacy Budget plus categorical aids (security

and one-third special education) shows that 20 districts are spending above adequacy in 2008-2009. See Exhibit A, Abbott Spending Versus Adequacy Budget with Categoricals, Fiscal Year 2008-2009.

4. All of the amicus districts generate educational resources (FTEs) under the enhanced PJP model that significantly exceed the resources of the Abbott V model. To demonstrate this point, utilizing the Abbott V comparative charts in the Certification of Lucille Davy, Exhibit H, charts have been created for each amicus District that prorate the enhanced PJP model to actual enrollment and the Abbott V model to actual enrollment for Kindergarten to Grade 5 students (elementary school), grade 6 to 8 students (middle school) and grade 9 to 12 students (high school) for that district. The enhanced PJP model with actual enrollment is then compared to the Abbott V model with actual enrollment and the difference noted.

5. Additionally, a summary chart has been created for each amicus district that summarizes total district enrollment, total district at-risk enrollment, total district LEP enrollment, district at-risk percentage, and PJP at-risk weight. Also included on the summary charts are the additional personnel (FTE) resources over the Abbott V model at the elementary, middle and high school level. Finally, the summary includes the additional at-risk and LEP resources and the 2008 Title I funds generated for the district

6. As described in the proceeding paragraphs, attached hereto are comparative charts as follows:

- Exhibit B - Bridgeton
- Exhibit C - Burlington City
- Exhibit D - Camden
- Exhibit E - East Orange
- Exhibit F - Elizabeth
- Exhibit G - Gloucester City
- Exhibit H - Millville
- Exhibit I - Newark
- Exhibit J - Passaic
- Exhibit K - Paterson
- Exhibit L - Pemberton
- Exhibit M - Perth Amboy
- Exhibit N - Phillipsburg
- Exhibit O - Trenton
- Exhibit P - Vineland

7. In my supplemental certification, at Exhibit E, the per pupil revenues for the Abbott districts were presented. The line reflecting Perth Amboy's 2009 Revenues Per Pupil -- \$15,419 -- did not include the SDA Transition Award for the district. The 2009 revenues per pupil for Perth Amboy are \$15,470. A correct chart is attached hereto at Exhibit Q, Summary Of Revenues Per Pupil Comparison Corrected.

I hereby certify that the statements made by me are true.
I am aware that if any of the foregoing statements are willfully
false, I am subject to punishment.
